

Logan Bales

logan218@nmsu.edu

Objective

I am a Computer Science student with foundational knowledge. I am looking for an opportunity to gain valuable experience hands-on in the cybersecurity and general IT field which is ultimately the field I want to work in the most. I want somewhere I can apply my technical skills and contribute to various projects.

Skills

I have many skills with technology and computers, both hardware and software. I have both built and troubleshooted computers in my spare time. I am efficient in Java programming with some experience in C and C++. I have worked with computers for essentially my whole life, and it is something I will always be passionate about. I intend and look forward to expanding my knowledge and skills further throughout my lifetime.

Education

2022 - Present

New Mexico State University, Las Cruces- Computer Science

Plan to achieve a Bachelor's in Computer Science degree in 2026. I've taken courses from a variety of different subjects other than Computer Science, such as many branches of math with an overall 3.5 GPA. Subjects I covered in the Computer Science program include data structures, object oriented programming, machine programming, and software development. I am currently eligible for my Associate's in Science degree that I will apply for in the Fall 2025 semester.

2022

Carlsbad High School, Carlsbad

Graduated top of my class and was able to achieve multiple academic awards during my time here.

Experience

2021

Allen Theaters, La Cueva 6- Concessionist

- Specialized in customer service and satisfaction during busy hours.
 - Learned to collaborate and communicate with coworkers in a professional setting.
 - Maintained food safety standards and cleanliness.
 - Handled cash and operated registers for both ticket and concession sales.
-

Awards

- Carlsbad Rotary Club Certificate of Academic Achievement - 2022
 - Carlsbad High School Certificate of Award - 2019
 - Top 10% of class
